

PCT lo-top

rodent stations

Australian designed & manufactured

NOW THERE IS A REAL ALTERNATIVE

- ▶ PCT Lo-top Rodent Stations
- ▶ PCT Mouser Mice Stations

rodent stations

- ◆ Low-profile design for ease of placement. Multiple placement options.
- ◆ High-capacity bait chamber with horizontal and vertical bait securing rods (hexagonal station only).
- ◆ Ramped entrance into bait chamber helps prevent any water from entering and contaminating bait.
- ◆ Suitable for use with wax blocks, grain bait or pellets.
- ◆ Heavy-duty construction using UV-resistant thick-walled plastic; designed to withstand being stepped on without damage.
- ◆ Tamper-resistant locking device with single-twist key opening.
- ◆ Heavy duty plastic key and bait rod packs included with larger stations.
- ◆ Knockout anchoring holes for station securing (larger stations only).
- ◆ Economic, quality, Australian-made products.
- ◆ Supplied as a carton of 6 stations.
- ◆ We recommend the use of PCT First Formula or PCT Pro Formula wax-based blocks with these stations.
- ◆ PCT Mouser station has a bait chamber able to contain two standard 15g bait blocks.
- ◆ PCT Mouser station uses the same key opener as the larger stations.
